

Falmouth Soccer Club

Mission Statement Club Philosophy Principles and Objectives

The mission of the Falmouth Soccer Club (FSC) is to promote and offer an organized program of soccer training and competition to children in the town of Falmouth.

In order to achieve our mission we have set forth specific principles and objectives as outlined below. All efforts to achieve our objectives and fulfill our mission will be guided by the Club philosophy: provide an atmosphere of safety and good sportsmanship within which players and teams can compete, learn and enjoy the game of soccer.

The principles of the Falmouth Soccer Club will be manifest in the four commitments we ask of all players, coaches, parents, and representatives of the Club:

- 1) Commitment to fair play, which means not only abiding by the rules of soccer but respect and good sportsmanship to all players, coaches, spectators, and officials.
- 2) Commitment to themselves to develop, to the best of their abilities, the skills needed for success.
- 3) Commitment to attend practice, to respect the effort of their teammates and to strive for success together.
- 4) Commitment to represent the town of Falmouth with dignity, pride and honor.
